## **INTRODUCTION**

The undersigned complainant, Michael J. Collier, being duly sworn, further

4

1. I am a special agent (SA) duly sworn and employed by the U.S.

5

Department of Justice Bureau of Alcohol, Tobacco, Firearms, and Explosives (ATF). I am assigned to the ATF Seattle Field Office. I have been an ATF Special Agent since

6 7

December 13, 2009, responsible for investigating and enforcing violations of federal law.

8

I am also a Certified Explosives Specialist (SACES) and Special Agent Canine Handler

9 (SACH).

10

12

13

14

16

17

18

19

20

21

24

25

26

0 2. I graduated from the Criminal Investigator Training Program and the ATF

11 | Special Agent Basic Training Program, which are both located at the Federal Law

Enforcement Training Center in Glynco, Georgia. I completed the ATF Digital Media

Collection Specialist Training course and have conducted multiple forensic collections of

data from multiple digital media and other electronic storage platforms. I have completed

15 the ATF Certified Explosives Specialist (CES) program, and am responsible for

explosive operations, arson investigations, explosive investigations, identifying explosive

materials, and mitigating explosives found to be hazardous in nature. I have completed

the International Association of Arson Investigators, Fire Investigation Technician

Program (FIT) and have been certified as a Fire Investigation Technician. Also, I have

planned, supervised, and conducted multiple explosive recoveries and disposals as well

as seizure of unlawful or improvised explosive materials. I received my Bachelor of

22 | Science degree in Psychology and a second degree in Criminal Justice from Towson

23 University in Towson, Maryland. I obtained a Master of Science degree in Criminal

Justice Administration from Columbia Southern University in Orange Beach, Alabama. I

also obtained a Master of Science Graduate certificate in Explosives Engineering from

Missouri University of Science and Technology in Rolla, Missouri.

27

28

3. I am responsible for investigations involving specified unlawful activities, to include violent crimes that occur in the Western District of Washington. I am also COMPLAINT FOR VIOLATIONS - 2

UNITED STATES ATTORNEY 700 STEWART STREET, SUITE5220 SEATTLE, WASHINGTON 98101 (206) 553-7970

responsible for enforcing federal arson and explosives laws and related statutes in the Western District of Washington. I have actively participated in investigations of criminal activity, including but not limited to: crimes against persons, crimes against property, narcotics-related crimes, and crimes involving the possession, use, theft, or transfer of firearms. During these investigations, I have also participated in the execution of search warrants and the seizure of evidence indicating the commission of criminal violations. As a law enforcement officer, I have testified under oath, affirmed to applications of search and arrest warrants, and obtained electronic monitoring orders.

4. The facts set forth in this Affidavit are based on my own personal knowledge; information obtained from other individuals during my participation in this investigation, including other law enforcement officers; review of documents and records related to this investigation; communications with others who have personal knowledge of the events and circumstances described herein; and information gained through my training and experience. Because this Affidavit is submitted for the limited purpose of establishing probable cause in support of a criminal complaint, it does not set forth each and every fact that I, or others, have learned during the course of this investigation.

## **INVESTIGATION AND PROBABLE CAUSE**

- Α. Discovery of a Destructive Device on December 29, 2022.
- 5. On December 29, 2022, at approximately 8:29 a.m., Seattle Police Department (SPD) personnel responded to a suspicious package call at 918 South Horton Street, Seattle, the business offices of Urban Self Storage. Seattle Police officers arrived and contacted Urban Self Storage employees Shawn Leonardo and Jim Kavney. The two witnesses explained that part of their duties is to walk through the property cleaning and inspecting periodically. The morning of December 29, 2022, while performing normal duties, Leonardo observed some trash in a walkway that leads to a small alcove on level

26 27

23

24

25

A of the garage for the building of 3250 Airport Way South,<sup>1</sup> in the southwest corner of the parking garage. While cleaning up the garbage, Leonardo observed a metal pipe sitting on top of a black piece of clothing. The pipe had two caps on the ends, a green wire coming out of it, and a white tube. Leonardo believed it was a pipe bomb. Leonardo called Kavney to come look at the pipe as well. Kavney and Leonardo came to the same conclusion—that it appeared to be a real pipe bomb—and they vacated the area and called the police.

- 6. SPD officers assisted the employees as they searched through security video recordings of the garage alcove and hallway trying to determine how the device got to that location. They located video from December 26, 2022, starting at about 8:30 p.m. that depicted a male individual in that hallway. The video is of high quality. The employees immediately recognized the male in the video from previous encounters and incidents involving him in their building. They had nicknamed him "Hatchet" due to him usually carrying a hatchet with him. One employee had a record of Hatchet's real name because she had obtained a protection order against him. She reported his name was Osman Ebrahm AKA Ibrahim. He was subsequently identified as suspect OSMAN S. IBRAHIM, as discussed below.
- 7. The December 26, 2022, video depicts OSMAN S. IBRAHIM in the alcove covering up the security camera with a jacket. OSMAN S. IBRAHIM's face was pointed directly at the camera when he did so, and his features were depicted clearly. The video next depicted OSMAN S. IBRAHIM removing the jacket from the camera at 9:36 p.m., about 36 minutes after he had covered it. Behind OSMAN S. IBRAHIM, in a corner of the alcove, a black clothing item could then be seen laying on the ground in the corner where it had not been before.

<sup>&</sup>lt;sup>1</sup> This building houses Urban Work Lofts, which is owned and managed by Urban Self Storage. The two businesses share the parking garage.

- 8. The officers and employees then located additional motion-activated security videos from December 28, 2022. There were no other motion activation videos located between these two dates.
- 9. The video from December 28, 2022, at about 2:01 a.m., depicts OSMAN S. IBRAHIM again approaching and covering the camera up with a jacket. The black clothing item could still be seen in the same corner behind OSMAN S. IBRAHIM where it has been left on December 26, 2022. About an hour later, at 3:01 a.m., OSMAN S. IBRAHIM uncovered the camera. When he approached the camera to cover it and again when he removed the jacket, OSMAN S. IBRAHIM's features were clearly visible. Once he removed the jacket from the camera, the metal pipe device recovered on December 29, 2022, was clearly visible on top of the black clothing item previously placed there on December 26, 2022, and which was still in the same corner. The video then showed OSMAN S. IBRAHIM walking slowly out of the alcove, past the metal pipe device, and down a walkway, taking a wagon-style cart with him.
- 10. Officer Moreno, who had responded to the call and watched the surveillance video, recognized OSMAN S. IBRAHIM from previous contacts. That officer obtained a photograph of OSMAN S. IBRAHIM from the King County Jail and confirmed that identification.
- 11. Also on December 28, 2022, the SPD Arson Bomb Squad (ABS) arrived on scene to evaluate the suspected device. Based upon the visual inspection of the photograph of the device, members of the bomb squad had reason to believe based upon training and experience that the device was a real device. An X-ray image was taken of the pipe, and that image was enhanced and interpreted. The X-ray gave further confirmation to the bomb squad that the filler material inside the pipe was suspected explosives. The device was loaded into a fragmentation container and transported to the bomb squad's demolition range for further procedures to render the pipe bomb safe.
- 12. After the device was rendered safe, the filler content was collected, processed, and documented for evidence with the following results.

- The pipe measured 9" from end cap to end cap, with a 1.3" exterior diameter.
- The total length of the fuse was 14.37" with 3.54" of that fuse being inside the pipe.
  - A small piece of the fuse was cut, and field tested with positive results for energetic materials by rapidly burning.
- The filler material of the pipe was measured at approximately 97 grams of suspected pyrotechnic powder.
  - A small amount of the filler material was collected and field tested.
    When ignited, the filler material reacted in a manner consistent with explosive powders by burning, sparking, and flashing.

## B. Arrest of OSMAN S. IBRAHIM.

- 13. At approximately 10:30 a.m. on December 29, 2022, while the bomb squad was still at the scene working to make the device safe, SPD K9 Officer Nelson observed suspect OSMAN S. IBRAHIM pass by the scene on a bicycle heading south on Airport Way South; he was looking intently at the scene. Officer Nelson believed he matched the description of the person who placed the pipe bomb. At about the same time, Leonardo pointed at OSMAN S. IBRAHIM and said something to the effect of, "That's the guy!" Officers Nelson and Moreno went south where they located the suspect near South Spokane Street. Officer Moreno confirmed his identification as OSMAN S. IBRAHIM and detained him.
- 14. Shortly thereafter, SPD Detective Heuchert and I conducted a recorded interview of OSMAN S. IBRAHIM. Detective Heuchert read OSMAN S. IBRAHIM his *Miranda* warnings, which OSMAN S. IBRAHIM acknowledged understanding. OSMAN S. IBRAHIM then spoke with the investigators. He said he picks cans out of the trash to make money. He said he takes what he wants or needs and gets rid of stuff he doesn't want by throwing it in the trash or leaving it there. He said he didn't know about a bomb,

didn't know what a pipe bomb is, and he had no intention to hurt anyone. He denied 2 spending much time in the parking garage, but acknowledged going through garbage 3 there. He also said, "I don't have no use for it." OSMAN S. IBRAHIM also claimed that 4 he was a good person who helped the community by cleaning it up. 5 C. Preliminary Destructive Device Determination and Records Check. 15. On January 5, 2023, I contacted ATF's Destructive Device Determination 6 Unit to review the photographic and video evidence regarding the incident. The 7 8 Destructive Device Determination Unit provided the following statement: 9 Based upon the photographs and video provided it appears that the filler of the device is indeed energetic material, and the pyrotechnic fuse is functional. 10 Additionally, the construction of the device leaves little ambiguity and leads me to 11 believe that pending final laboratory analysis and examination by an Explosives 12 Enforcement Branch Examiner or EEO the item with [sic] most likely be deemed 13 as a destructive device as that term is defined in 26 U.S.C. 5845(f) and 18 U.S.C. 14 921(a)(4). Again, this is a preliminary analysis pending final evaluation and 15 issuance of formal reports. 16 17 16. On January 4, 2023, I contacted the National Firearms Registration and 18 Transfer Record. I received notification that there is no record of any items being 19 registered to OSMAN S. IBRAHIM. 20 /// 21 /// 22 23 24 25 26 27 28

1 **CONCLUSION** Based on the foregoing, I respectfully submit that there is probable cause to 2 17. 3 believe that OSMAN S. IBRAHIM committed the offense of Unlawful Possession of a 4 Destructive Device, in violation of Title 26, United States Code, Sections 5861(d) and 5 5845(a)(8) and (f). Digitally signed by MICHAEL 6 **MICHAEL** COLLIER Date: 2023.02.01 10:53:17 COLLIER 7 -08'00' MICHAEL J. COLLIER 8 Special Agent, ATF 9 10 Based on the Complaint and Affidavit, to which the above-named agent provided 11 a sworn statement attesting to the truth of the contents of such, the Court hereby finds 12 that there is probable cause to believe the defendant, OSMAN S. IBRAHIM, committed 13 the offense set forth in the Complaint. 14 15 DATED this 3rd day of February, 2023. 16 17 18 United States Magistrate Judge 19 20 21 22 23 24 25 26 27 28
